Ventilators are being put in the roof of the wheel moulding room at the Bass works. The need of ventilators in this department was felt last summer.

Fred Guth, a moulder in Foreman Meyer's department of the Bass works, has recovered sufficiently to be out of doors. He will start to work Monday.

The directors of the Nickel Plate recently declared a dividend of 3½ per cent. on first preferred stock. This is the first dividend declared by the company.

M. Hutchinson, who had the misfortune to injure a foot a short time ago, has sufficiently recovered to be able to resume his old position with Rhinesmith & Simonson.

The agreement restricting the issuance of free transportation which existed between forty-six western railroads has been broken by the withdrawal of the Atchison, Topeka and Santa Fe.

The newspapers have made a mix of things in attempting to give the cause of the discharge of Train Dispatcher Scott, of the Chicago and Erie road. Some call it a "lop order," others a "tap order." The correct term is "lap order," which means an order to move two trains in opposite directions on the same track without naming a point at which one shall stop to let the other pass.

William Caltenbach and G. Manerhan, who had been visiting friends here, have returned to their home at Edon, Ohio. The gentlemen formerly lived here and worked in the shops of the American Wheel company.

At Chicago to day the railroad managers whose business is effected by the order of the Iowa railroad commissioners, are holding a meeting to consider the question of accepting or resisting the order. If the former a reduction in rates of from 10 to 20 per cent will have to be made.

An unknown man was struck by a freight train on the Fort Wayne road three miles east of Wooster, O , yesterday afternoon, and instantly killed. A card made out in the name of William Carl, from the molders' union of Richmond, Ind., was found in his coat. His right leg and arm were cut off.

Since January 1 there has been a decided falling off in the shipment of corn on some of the through lines. This decrease is attributed by the shippers to the increased freight rate which went into effect December 29. Some of the roads favor dropping the rates again to those prior to December 29. Others oppose it.

Commissions to ticket agents is a thing of the past. Popularly called the king of medicines—Hood's Sarsaparilla. It conquers scrofula, salt rheum and all other blood diseases.

On Bellevue Island, not far from Omaha, 1,000 rabbits were killed during the last week.

I have a cousin who is a printer, says ex-Mayor J. B. Loughran, of North Des Moines, Iowa. Some years ago he was employed in this city where they were printing circulars for Chamberlain. He had a deep seated cold and terrible cough, and while setting up copy he made up his mind to buy a bottle. It cured him and that was the first I ever knew of Chamberlain's Cough Remedy. I have been strongly in its favor ever since. My own experience and that of my family convinces me that this remedy is the best in the world. That may be strong language, but that is what I think. Last week earthquakes in Algeria destroyed two towns and killed forty persons.

J. J. McFARLANE, president of the defunct American Life Insurance Company of Philadelphia, and who suddenly disappeared from that city, is reported to be living in luxury at Rio Janeiro.

THE French vineyards have been ravaged by the phylloxera again, but that will not interfere with the supply of wine for America. Unfortunately for American consumers of French wine makers are not dependent upon the grape.

SWAN GUSTAFSON, a laborer in the Illinois Central gravel pits at Cherokee, Ill., has received news that a relative has died in Pennsylvania, leaving an estate valued at $3,000,000, which is to be divided among six heirs, of whom Gustafson is one.

STANLEY does not converse freely about his plans for the future, but people who know him say that he will never again indulge in any African adventure. It is over twenty-two years since he first went to Africa with the Abyssinian expedition, and twenty years since he left Zanzibar in search of Dr. Livingstone and his various expeditions since then have given him all the experience as a discoverer that he desires. He now seeks a life less harrassing, and would like to enjoy domesticity as a married man. If, however, a befitting post of duty as governor of some part of Eastern Africa were offered to him, he might not refuse the offer.

Attention, Attention!

The committee of the German Military Association at Fort Wayne hereby notify the public that in the middle of August next the great German Bundes-Kriegerfest will be held in our city, and that an excellent program is intended for those days, to carry out which the G. M. A. will spare no expense, in order to make it an unparalleled success.

Besides the German Bundes-Vereine, all of the military regiments of Indiana will be invited to a competition drill and shooting match.

The program for the exercises will be published in a few days. One of its principal features will be a grand night manouvre, followed by a siege and capture of the city of Fort Wayne, illuminated by rockets and fire balls.

All comrades having been enlisted in the German army and honorably discharged from service, are cordially invited to join the German Military association of Fort Wayne, offering as it does, to its members, a sick benefit and funeral aid, with dues very moderate. To promote a genuine sociability among the members will ever be one of its foremost tendencies. 27-tf.

Philip Griffiths, of Easton, Pa., broke his leg a few days ago by suddenly turning in bed.

The annoyance of breaking lamp-chimneys need not be borne.

Get tough glass chimneys. Macbeth's "pearl top" and "pearl glass" are tough against heat; they do not break, except from accident.

They are also clear, transparent, not misty or milky; they fit and stand upright; shape and proportions are right to direct the draft upon the flame.

They cost a little more than rough and wrong chimneys of common glass that break continually.

END OF A BUSY LIFE.

Death Comes Suddenly to Mrs. Wm. Windom, the Secretary of the United States Treasury.

WASHINGTON, Jan. 30.—The announcement of the sudden death of Secretary Windom, who died of heart trouble shortly after making a speech while at the dinner of the board of trade at New York city last night, gave almost as great a shock to his official friends and associates as did the shooting of President Garfield to the members of the official household. It was so terribly sudden and unexpected that all who heard the news were profoundly shocked and overcome so as to be unable to express the grief they felt. The news came with the paralizing, stunning force that ever accompanies dread and unexpected tidings. Though the information did not reach the capital till a late hour, it spread with lightning rapidity, and in the clubs and hotel corridors was the only piece of conversation. Men gathered in crowds to ask for details of the sad affair. The universal sentiment was of sorrow, and gentlemen of opposite political opinions bore testimony to the sterling worth and ability of the dead. Expressions of deepest sympathy were heard for the widow and orphaned children, who, ignorant of the passing away of the kind husband and father, were enjoying themselves at Postmaster General Wanamaker's hospitable mansion at the very moment his spirit passed through the portals of eternity.

BREAKING THE NEWS TO THE PRESIDENT.

Sitting quietly in their apartments, thankful that the worldly cares of a day had passed, and talking of their family affairs, the president and Mrs. Harrison were far from anticipating the sad calamity which a moment afterwards was announced. The ringing of the telephone bell, customary as it is, did not concern the president until the doorkeeper asked him to answer. This unusual summons at once caused apprehension, and the president stepped to the instrument with a certain feeling of anticipated trouble. As the sad tidings came to him over the wire his face suddenly lost all color, and he dropped the instrument, shocked beyond expression. With a voice full of anguish and sorrow, he summoned his carriage and directed the coachman to drive with all haste to Secretary Wanamaker's, where, he was aware, Mrs. Windom was present at a reception.

CARRYING THE NEWS TO MRS. WINDOM.

The arrival of the president at Mr. Wanamaker's occasioned great surprise and wonderment. The seductive music however, quickly turned the company's attention, and the gay, brilliant throng for the time being remained in ignorance of the message the president had carried. A moment afterward the music ceased, the news was gently whispered about, the merry laughter became hushed, and the scene changed to one of grief and mourning. The eyes of ladies filled with tears, while the men restrained with difficulty their feelings of sorrow. The president broke the news of the nation's affliction to Secretarys Blaine and Proctor, and Postmaster General Wanamaker, who were present, and suggested that Mrs. Windom should not be told of her bereavement until she reached home. Mrs. Coleman, who is visiting the family, was taken aside, and to her was the message of death first delivered. Although almost overcome she summoned her courage, and under a veil of pretended sickness, asked that she be taken home. Mrs. Coleman, accompanied by Mrs. Windom and her two daughters, immediately left the house. They were followed at once by the president, Secretary Proctor and Postmaster General Wannamaker, whose intention it was to break to Mrs. Windom the news of her loss. It was a cheerless ride the party took. Overwhelmed by sudden grief not one spoke a word while each became absorbed in his own sadness. At Secretary Windom's residence the president found that his unpleasant task of breaking the information had already been performed by a close friend of the family, Mr. George Bruggeit, who had received a private telegram. The president, Secretary Proctor and Postmaster General Wannamaker, consoled Mrs. Windom with what expression of sympathy they could, but each of them was overwhelmed and so unnerved as to be able to say but little. While the president was at Secretary Windom's he received the following

TELEGRAM FROM ATTORNEY GENERAL MILLER.

"NEW YORK, Jan. 29.

To the President of the United States:

Secretary Windom having concluded his speech, and while the next speaker was being announced, sank down with an attack of heart disease and died within ten minutes, his death occurring at 10 o'clock. You will know how to convey the sad news to his family.

W. H. MILLER,
E. F. TRACY."

THE PRESIDENT'S REPLY.

Standing with one foot on the stairs the president wrote the reply on his knee. In effect it said that Mrs. Windom had concluded not to go to New York, but desired that Secretary Tracy and Attorney General Miller should accompany the remains to this city by an early train. It conveyed an expression of sorrow which the community felt, and the shock the news had been to the city.

SCENES AT THE WINDOM RESIDENCE.

It was a sad scene at Windom's residence. A few friends stood in the hallway, their heads bowed in-grief while from the parlor was heard the pitiful sobbing of Mrs. Windom and her daughters. The old colored servants who worshiped the secretary for his kindly traits, held their handkerchiefs to their eyes while they offered a silent prayer for their departed master. As Mrs. Windom, prostrated by the news of her husband's death, ascended the stairs to her room, she stopped for a moment as the president endeavored to speak words of comfort, and gave way to sobbing. The spectators bowed reverently.

Secretaries Noble and Rusk called at the Windom residence later in the evening and expressed their heartfelt sympathy for the family in their deep affliction. The president was too overwhelmed to speak of the sad news. Although Secretary Windom's heart troubles were not generally known, his family, and especially Mrs. Windom, had been apprehensive for some time. The president also was aware of it. "Last Sunday," he said, "I had some business with Secretary Windom, and started with him down the street, after church, towards the white house. I am naturally a fast walker, and we were walking rather rapidly. After we had gone a short distance Mr. Windom asked me to check my gait, as he had an oppressive feeling about the heart, at the same time placing his hand over it. He had, I believe, consulted some Philadelphia physicians in regard to his condition only a short time since."

THE SECRETARY'S SOCIAL LIFE.

In social life Mr. Windom was one of the most agreeable of men. He was faithful to his friends and generous to enemies. His courtesy to everybody with whom he came in contact was a characteristic. He smiled as pleasantly at meeting the humblest caller as he did at meeting his most distinguished friend. A gentleman who had known him intimately for thirty years said last night: "Secretary Windom was as sure a Christian gentleman as I have ever known. A better husband, father and friend never lived." Secretary Windom was in religion originally a Quaker, but for many years had been a member of the Congregational church. He leaves a wife, one son, Mr. Wm. D. Windom, and two daughters, Misses Nellie and Florence Windom.

THE CORONER'S VERDICT.

NEW YORK, Jan. 30.—In room 25 on the Third street side of the Fifth avenue hotel, this morning lay the body of Secretary of Treasury William Windom. They lay in a casket of sombre black, relieved by no ornamentation. The interior was lined with deep colored copper. Through the glass cover the face showed plainly. The features exhibited no signs of pain, and the secretary as he lay in the room, where a single ray of sun sent its glimmer through a crevice in the window, looked as if he had sunk into a calm and peaceful sleep. When the body was taken from the Delmonico to the Fifth avenue hotel, word was sent at once to the coroner, and at 4 a. m. Coroner Shultz put in an appearance. He was joined by the deputy coroner and the two made a thorough examination of the corpse. At the conclusion they decided that the physicians who attended Mr. Windom last night, were wrong in their diagnosis of the case. "Mr. Windom," said the coroner, "died of valvular disease of the heart, and not apoplexy, as given by the doctors in their certificate last night. What confirmed their opinion was the statements made to the coroner by Mr. C. M. Hendly, who for the past twenty months had acted as secretary for Mr. Windom. Mr. Hendly said he had been suffering for a long time with valvular trouble and in the last three months had rapidly grown worse. He had arrived at such a stage of the disease of late that he could not walk above the ordinary speed without suffering severe pain. Some time ago while in Philidelphia, Mr. Windom had a bad attack and was prescribed for by a druggist in that city. To Mr. Hendly the druggist said that the medicine he prescribed was to strengthen the action of the heart.

THE REMAINS TAKEN TO WASHINGTON.

NEW YORK, Jan. 30.—The body of Secretary Windom was removed from the Fifth avenue hotel at 10:30 this morning, and taken to the Jersey Central railroad depot, Jersey City, where it was placed on board the 11 o'clock Baltimore and Ohio train for Washington. Committees from the different exchanges accompanied the body to Washington.

BOTH BRANCHES OF CONGRESS ADJOURN.

At 12:10 the house adjourned, out of respect to the late Secretary Windom, until noon to-morrow.

The senate adjourned immediately after the reading of the journal, as a mark of respect to the late Secretary Windom.

BURNED TO DEATH.

Five Precious Lives Hurried Into Eternity by the Fiery Element.

FINDLAY, Ohio, Jan. 30.—A fire started this morning at 4 o'clock in the town of Ugnut, fifteen miles from here. Six blocks of buildings were destroyed and three persons burned to death. The names of the victims are: P. Molony, Frank Satterly and Gertrude Satterly. It is feared that two others have perished. The loss is estimated at $100,000, with little or no insurance.

IRON MOUNTAIN, Mich., Jan. 30.—It was ascertained this morning that there were but six men under ground at the time the fire broke out and that four were saved. Jeremiah Bennett and Thomas Edwards were found by the rescuing parties, but died shortly after being brought to the surface. The tops of all the shafts are covered, so as to render them air-tight, with a view to smothering the fire. It is thought that the fire started in a small engine room, which is quarried out of rock at the mouth of the sixth level. The extent of the fire is not known. Men will endeavor to go down to-morrow. The miners will be suspended for several days and maybe for many weeks.

CROOKED OFFICIALS.

An Investigation at St. Paul Results in 44 new Charges Against Officials.

ST. PAUL, Jan. 30.—The report made by the St. Paul grand jury yesterday afternoon is the most voluminous and sensational ever filed in this county.

It charges that an immense amount of money has been diverted from the proper channels into the pockets of individuals, and that liquor licenses have been running from two to seven months without one cent going to the city and county treasury.

An indictment was found against Jay H. Davis, a deputy in the office of the clerk of courts, on a charge of getting warrants cashed by the county treasurer for $1,000 to $3,000 worth of jury certificates, which were made to fictitious persons, and one was also found against M. R. Munsse, abstract clerk, for fraudulently appropriating $6,000 county funds.

This money, it is alleged, was collected as fees and not turned over to the county. On being arraigned before Judge Bride he pleaded not guilty and was admitted to bail in the sum of $500.

The jury finds that $3,200 has recently been allowed in the abstract clerk's office for pretended extracts of the amount being taken in one lump. From the evidence the jury also finds that it has cost the county $13,182.43.

SMUGGLING IN CHINAMEN.

Canadians Engaged in the Business Put Many Celestials in the U. S.

WEST SUPERIOR, Mich., Jan. 30.—Wholesale smuggling of Chinamen into the United States has been going on here all winter. The celestials are brought to Canadian ports from China and then make their way to Port Arthur. There they are provided with transportation into the United States in sleighs and wagons, in most cases being brought a distance of about 300 miles to Two Harbors, Minn., at which point the Duluth and Iron Range railroad conveys them to their ultimate destination. Arrests will probably be made in a day or two.

The case has been on trial in the superior court for the last few days before Judge Dawson and a jury. Judge Ninde was the attorney for the plaintiff and Judges Brackenridge and Morris for the defendant. The fact will be recalled that in April, 1890, Patrick Finney, a son of the plaintiff, while serving in the capacity of brakeman for the Pennsylvania company, was killed at Columbia City by being struck by a water plug. His father brought suit against the company for $10,000 damages, and the case has been strongly contested on both sides.

ESTABLISHED GRADES.

Street Levels to Be Made a Matter of Record.

City Civil Engineer O. R. Wiley and his deputy, Dan McKendry, are in the midst of a tedious task, which, when accomplished, will be a complete record of established grades of the streets and avenues of Fort Wayne, of which there are 400 or more. The systemizing of street grades was attempted only once before, then by Engineer Gilkison in 1865, but the work was never carried out. In time of improvement the record can be referred to and profiles taken without troublesome delays of taking surveys. The record will not be finished for some weeks.

UNCLE SAM'S SOLDIERS.

Recruits Examined and Accepted at the U. S. Depot in the This City.

Since the United States government established in this city a depot for examining and accepting recruits to the United States army, Lieutenant Hall has had forty-two applications, out of which ten only were accepted. The accepted few were as follows:

George N. Parks, Fort Wayne, accepted October 25; Louis France, Fort Wayne, accepted November 4; John E. Van Meter, Kewanna, Ind., accepted December 8; George W. Runyan, Roanoke, accepted December 29; Frank L. Pierce, Toledo, O., accepted January 2; John M. Carroll, Fort Wayne, accepted January 2; Joseph R. J. Bradshaw, (colored) Fort Wayne, accepted January 7; J. Heffelfinger, Fort Wayne, accepted January 13; John Heath, Shiloh, O., accepted January 17; Allen J. Shullenberger, Fort Wayne, accepted January 21.

The causes of rejection are principally as follows: Minors, no recommendation as to character, under size, married. The latter are not accepted because there have been numerous cases where a man, by misrepresentation, is accepted and later his wife demands his discharge on the grounds that she has no means of support. Men fraudulently enlisting in this manner can be held but out of humanity they are turned loose. The recruits are sent to Columbus, where they will be detailed for duty.

HOTHERLESS AND FATHERLESS.

Reports Showing How Orphan Institutions are Being Conducted.

The directors of the St. Vincent asylum, Fort Wayne, and the St. Joseph orphan asylum, Lafayette, convened for the transaction of business at Lafayette this week, presided over by Rt. Rev. Bishop Dwenger.

The reports of the superintendents of the asylums were read, showing that there are a total of 282 children, 106 of whom are in the Lafayette asylum; that the total cost of the asylums the past year has been $9,000; that there have been no deaths except in the Fort Wayne asylum; that the health of the children has been exceedingly good; that there has been a deficit over and above the receipts of $1,400, which the Rt. Rev. Bishop Dwenger paid out of his own pocket. The election of officers resulted as follows: Ex-officio President, Rt. Rev. Bishop Dwenger; secretary, Rev. John Bleckman, Michigan City; treasurer, Rev. E. P. Walters, Lafayette; superintendents, Rev. J. H. Guending, Lafayette and Rev. Father Borg, Fort Wayne.

The collection throughout the diocese for the relief of Ireland amounts to about $3,200.

ABRAHAM LINCOLN.

Hon. Jesse W. Weik to Lecture at the City Y. M. C. A. To-Night.

The lecture of Hon. Jesse W. Weik at the city Y. M. C. A. hall this evening should be well attended. The subject of the lecture is, "Abraham Lincoln," and Mr. Weik is well fitted to handle it. He is a brilliant orator, and those who attend will be interested. The admission price is 25 cents, and as the proceeds are for the benefit of the Y. M. C. A., there should be a large attendance. The lecture is under the auspices of the Y. M. C. A. Literary society.

The hearing in the matter of the sequestered taxes charged up against P. A. Randall and the Messrs. Paine by John G. Lehr, the tax forret, came up yesterday afternoon but was continued till next Monday. Mr. Randall claims that the city cannot hold him for a cent as he is a resident of South Wayne, but City Attorney Colerick will try to prove that the parties are responsible for taxes because the bulk of the reported $850,000 in mortgages is loaned in the city. W. G. Colerick will represent the defendants of the case. It is claimed that there is no obstacle to prevent a collection of the county tax which, if true, will put about $8,000 in the county treasury.

"The Great Metropolis" opens a two-nights' engagement at the Temple this evening. The big scene of the piece is, of course, that in which the life savers are introduced, and the methods actually in use in the life-saving service are employed. The play throughout is interesting and the scenery is grand. The Temple ought to be crowded at every performance. A fashionable matinee will be given to-morrow afternoon for the ladies and children at which special low prices will prevail.

Miss Ressie Boaringer, of West DeWald street, was pleasantly surprised by a number of her friends last evening. Among those present were: Misses Madge and Kate Williams, Estella Jackson, Grace Polhamus, Cora Moore, Millie Wells, Janet Humphrey, Pearl Heaton, Eva Blakely, Messrs. Jay Wells, James Gould, Rob Orff, Sam Stringer, Burr Glenn, Willard Beaston, Harry Bearinger.

The illustrated edition of the Journal has been issued. It is a fine edition, giving a review of the city's industries, and is a credit to the publishers.

DISCUSSING AGRICULTURE.

The Opening of a Two Days Session of the Farmers' Institute in the Circuit Court Room.

Pursuant to an act of the legislature providing for the holding of farmers institutes in every county in the state, the Allen county institute opened a two days session in this city to-day. There assembled in the circuit court room a large and intelligent audience of farmers from all parts of the county, who manifested a deep interest throughout the proceedings.

The morning session opened at 10 o'clock, the organization being perfected by choosing William Kelsey, of Abolt township, as chairman, and Mr. Runnels, of Perry township, as secretary of the meeting.

Rev. Samuel Wagenhals invoked the blessing of the Divine Master, after which Hon. I. D. G. Nelson, of this city, the oldest pioneer in the assembly, delivered the address of welcome. The response to Mr. Nelson's remarks was made by Professor W. C. Latta, of Purdue university, Lafayette, Ind. The remaining time of the morning session was consumed by an address by Mr. Harris, of Goshen, Ind., on the subject of "Ensilage and Other Cattle Food," and a discussion on the same, led by T. E. Ellison, of this city. Mr. Harris filled the place of J. T. Claypool, of Muncie, who was unavoidably absent.

This afternoon addresses and discussions were carried out in the following order: "How Shall We Make the Most Out of the Corn Crop?" Mrs. H. C. Meredith, Cambridge City; discussion led by R. M. Lockhart, Waterloo. "Money in the Dairy if Well Managed?" C. B. Harris, Goshen; discussion led by M. E. Argo. "Farm Fencing," Geo. R. Lawrence, Allen county; discussion led by Ludwick Welsheimer.

To-night there will be an interesting session, for which the following program has been prepared:

Evening Session—7:00, music; "Celery Culture," C. B. Harris, Goshen; discussion led by C. A. Hays. 7:20, "Cultivation of Small Fruit," S. H. Hine, Waterloo; discussion. 8:00, "The Dignity of Farm Labor," Judge R. S. Taylor.

"ORIGIN UNKNOWN."

Chief Hilbrecht Re Reports of Two Fires Last Night.

Early last evening a fire broke out in the basement underneath Victor Wolf's millinery establishment, at 26 Calhoun street. The fire department arrived promptly and soon had the fire under control. A dense smoke filled the store room, causing damage to the fine stock contained there, which will require a "smoke sale," to get rid of. The loss is fully covered by insurance. The floor was slightly damaged.

ANOTHER BLAZE.

At 3:39 o'clock this morning the department was summoned to the corner of Lafayette and Lewis street, where two dwellings, owned by Phillip Nestle, were found to be ablaze. Before the flames could be extinguished damage to the extent of $800 had been done to the rear portion of the houses and to the barns on the premises. The loss is covered by insurance.

The origin of either of the above fires is unknown.

HARRY NEY SKIPS OUT.

The Young Man Forfeits a Bond and is Not Tried.

Yesterday was the time set for the hearing of the case against Harry Ney, who tried to pass a counterfeit $20 bill at Hook & Co.'s store in this city. The case was called up in the United States court at Indianapolis. Judge Woods was there and so were a number of witnesses, United States Commissioner Leonard and Officer Patrick O'Ryan, all of this city, but the most interesting phase of the case was the fact that Harry Ney, the defendant, was not there. The festive Harry had skipped out and his bond of $1,000 was forfeited. The case will probably drop.

THE promised exhibition of Pennington's air ship at Chicago yesterday did not take place. The inventor says it will sail this afternoon.

IT is confidently asserted that the projectors of the Chicago natural gas pipeline scheme have abandoned the undertaking, assinguing as a reason that the company finds itself too greatly embarrassed and harassed by the farmers over the right of way.

UNDER the new law it becomes necessary for cities to prepare themselves in advance for the election of city officers. At least fifteen days before the day upon which the election is held the names of all candidates to be voted for must be filed with the city clerk.

THE new fee and salary bill for county officers in this state was introduced in the legislature yesterday by Representative McCullogh, of Marion county. By reference to our legislative proceedings, which are found in another column, it will be seen how its provisions affect the officials of this county.

FOSTER, the weather prophet, predicts that "February will be the most remarkable month of the winter. It will bring extremes of heat and cold, and severe storms. The Mississippi valley will be visited by a monster snow storm and blizzard in the first half of the month, and the eastern states by a more severe storm of the same nature during the last half of the month."

THE latest Bradstreet's contains a list of the number of strikes and of strikers in the country during and up to the 15th of the present month. It estimates twenty-five strikes, and gives the number of strikers as 10,348. The strikes have been mainly in our "infant industries," and for the reason that a reduction of wages has been proposed. Major McKinley's tariff bill raises prices and cuts down wages.

MURDOCK'S ADMINISTRATION.

The prison committee of the legislature, which was sent to Michigan City to investigate the accounts of Warden Murdock, of the prison north, have made a report through their chairman, John J. Nolan. The report says: "In pursuance of the instructions of the house to report progress I am directed by the entire committee of the house to say that we have made a thorough investigation of the books and accounts of the prison, and of the charges against the warden and directors and the result is a complete vindication of the integrity and honesty of Warden Murdock. Every dollar is accounted for and the management of the warden and directors is shown to be superior."

SECRETARY WINDOM'S DEATH.

The sudden death of Hon. William Windom, the secretary of the treasury in President Harrison's cabinet, at New York last evening while attending the banquet of the board of trade of that city, is mentioned in our telegraph columns. It was a sad and sudden summons and will create profound sorrow everywhere. Secretary Windom was born in Belmont county, Ohio, May 10th, 1827. His parents had emigrated to that region from Virginia. He was brought up on a farm, was educated in the academy at Mt. Vernon, Ohio; studied law and was admitted to practice in 1850. He became prosecuting attorney for Knox county in 1852. In 1855 he settled at Winona, Minn. Joining the republican party he gained a reputation as a political orator, and in 1858 he was sent to congress. He was a member of the house of representatives for ten years, serving on the committee of public lands and expenditures and on the special committee on the rebellious states, and for three years was the chairman of the committee on Indian affairs. He was appointed United States senator in 1870 to fill an unexpired term and was re-elected in 1871. In 1881 he resigned on being selected by President Garfield for the post of secretary of the treasury. He resigned when Vice-President Arthur succeeded to the presidency and engaged in railroad and other financial enterprise, making his home principally in New York until he was recalled by President Harrison to his former post.

Since his resumption of the duties as secretary of the treasury Mr. Windom has been constantly before the public because of the late unsettled financial affairs of the country. He had shown himself equal to all emergencies and was found never to be wanting on occasions that demanded prompt and decisive action. In the time of Wall street's latest trouble Mr. Windom acted with such judgment that the "street" was saved from a panic and many firms from ruin.

HON. A. P. EDGERTON.

Hon. A. P. Edgerton, late civil service commissioner under President Cleveland, in a letter to the editor of this paper, from his country home, Hicksville, Ohio, writes some things which we take the liberty of publishing, as they will be found interesting to his many friends in this city:

"As you are aware," he says, "I do not often get to Fort Wayne. Like all others who cease, from age or otherwise, to be thought useful, perhaps I cease to be remembered. Because I have been ill, I have been quiet, but to make me better I remain at my country home, the best place for the complaining. I here find companionship in the writings of the authors of the wisdom of ages which do not die. Like, for instance, Pericles, who 450 years before the birth of Christ, taught "Democracy" by name and action, in the same Athens where Saint Paul, 500 years afterwards, taught religion, other than that of the "Unknown God," whom the Athenians ignorantly worshipped; the democracy of the one, and the religion of the other, now known to be true, and both are here now taught to be best for all peoples.

"Then, the old man of Tusculum had wisdom unheeded by Rome, and she ceased to have power to put forth the decree that all the world should be taxed. We are now striving to put forth a decree that all the people shall be taxed—and that unjustly—but the lessons of the past will again be taught that injustice and oppression will not always be endured. The people now demand to be set free from the daily contact and power of their oppressors. One lesson was recently given foreshadowing others more potent that "You may fool all of the people some of the time, and some of the people all the time, but you can can't fool all of the people all of the time." This aphorism is Mr. Lincoln's and one great political party felt a touch of its truth in 1890. Taxed too much will teach, in the end, everybody something. That is the country judgment of your friend.

"Who did you say was to be the next president?" "Oh! I don't know and don't care. I'm not looking for presidents—I'm looking for a bottle of Salvation Oil. It kills pain every time." 25 cents.

One of our most estimable citizens may be thankful for the introduction of Dr. Bull's Cough Syrup, for its timely use has saved his life. For incipient consumption it is a certain remedy. Price 25 cents.

THE AWFUL SENTENCE

Pronounced By God Upon the Finally Impenitent Sinner on the Day of Judgment.

There was a crowded auditorium last evening at the Third Presbyterian church to hear the evangelist, Dr. Wells, preach his fifth sermon. He had announced as his subject "The Day of Judgment With Its Awful Sentence Upon the Finally Impenitent," and he took for his text the verse from the Epistle of Paul to the Corinthians: "For we must all appear before the judgment seat of Christ that every one may receive the things done in his body, according to that he hath done, whether it be good or bad."

After a brief introduction the speaker said, in substance, that we are taught in the Bible that there is a final day of judgment when all men are to be judged for the life they have lived upon this earth. The tribunal which is to try our case will be the Lord of the universe. In human government men are not punished for crimes committed until they have had a trial and been pronounced guilty, and so it is in the divine government. Their cases will be heard by an omnipotent, all wise judge, and the day of trial will be when, at the end of time, they stand before the bar of God. In that mighty throng there will be millions and millions of souls. The angels of heaven will be there; the devils from hell will be there; all to answer for the deeds done in the body and hear the sentence by the court.

The scenes of that awful day the evangelist described in an eloquent way. He pictured the majesty of the throne, the mighty throng, Christ the advocate, the book of life unfolded showing the good and bad deeds done of each one who stood for trial, and then the awful separation. Husbands, he said, would be separated from wives, parents from children, brothers from sisters, teachers from scholars, friends from friends. Some would go to the right and some to the left, and there would be weeping and wailing at the separation which would be forever and forever.

The sentence pronounced on that day in each individual case, the speaker said, was clearly taught in the Bible. In the 25th chapter of Matthew the scene following the judgment is told: "When the Son of Man shall come in His glory, and all the holy angels with Him, then shall He sit upon the throne; and before Him shall be gathered all nations, and He shall separate them one from another, as a shepherd divideth his sheep from the goats; and He shall set the sheep on His right hand, but the goats on the left. Then shall the King say to them on His right hand, 'Come, ye blessed of My Father, inherit the Kingdom prepared for you from the foundation of the world.' Then shall he say also unto them on His left hand, 'Depart from Me, ye cursed, into everlasting fire prepared for the devil and his angels.' And these shall go away into everlasting punishment, but the righteous into life eternal." This is the awful day of the judgment as told in Christ's own words, and the wicked cannot escape the punishment if they remain finally impenitent.

The speaker closed with an earnest appeal to the sinner to accept the gospel salvation offered and place their faith in Christ.

To-night Dr. Wells will preach upon the subject: "The Execution of the Sentence Upon the Finally Impenitent." He considers this one of his most interesting and important sermons and he urged a large attendance. The meeting closed with prayer by Rev. Lloyd and the benediction pronounced by Dr. Wells.

THE LEGISLATURE.

Mr. Holland introduced a bill prohibiting the killing of all birds except those defined as game birds. The game birds excepted from the provisions of the bill are: Swans, geese, brant, ducks, rails, coots, mud hens, gallinules, shore birds, surf birds, snipe, woodcock, snappers, tattlers, curlews, wild turkies, grouse, prairie chickens and pheasants. A separate clause is devoted to the cheerful, plebian, pugnacious little English sparrow, which is expressly deprived of the protection of the proposed law.

A bill forbidding the breeding of diseased and defective domestic animals was favorably recommended by the committee on agriculture, as it was declared to be in the interest of a higher grade of live stock in the state. The bill was indefinitely postponed, however.

A report from the committee on claims favored the payment of $1,111 interest on certain moneys advanced by contractors for the school for feeble minded children when the state treasury could not supply funds needed. Mr. Burke opposed the claim bitterly, declaring that everybody thinks it is all right to swindle and gouge the state. If the claimants have a good case, he believed they should bring suit in the Marion county superior court, which has especial jurisdiction in such cases.

Mr. Hench's bills granting petitions for rehearing criminal cases in the supreme court, if filed within fifteen days, and reducing the price to be charged by shorthand reporters in criminal cases from 10 cents to 6 cents per hundred words, were reported from the committee on organization of courts with recommendation that they be amended in several specified particulars and passed. The reports were concurred in.

The following bills were introduced in the legislature by members from Allen county:

By Hayden—Authorizing the conversion of horse-car lines into electric lines, and securing manufacturers for conditional sales. Also: For providing penalties for swearing, using tobacco or taking dogs into street cars.

By Hench, by request—Appropriating $50,000 for use in constructing the soldiers' and sailors' monument during the current year. Also levying a tax of 5 mills upon each one hundred dollars valuation. Committee on ways and means.

By Hench—Providing for the appointment of deputy commissioner of fisheries for each county who shall have the power of constables in cases arising in the violation of the game law. Committee on rights and priveleges.

By Oppenheim—Concerning street railroads and the use of electricity as a motive power thereon; and to secure manufacturers and owners of electrical equipments in making conditional sales and certain contracts for the lease thereof. Committee on judiciary.

By Oppenheim—To give employer of street car companies police power to remove from cars persons who insist on smoking, using indecent or profane language, or engage in quarrel, or without permission take dogs into the car, or refuse to pay their fare. Committee on judiciary.

Mr. McCullough introduced a measure regarding fees and salaries, which shows careful preparation, and which will no doubt receive careful consideration from the committee. It fixes the salary of all county officers, naming each county, and re-enacts the present fee bill, but provides that all fees shall be turned into the county treasuries. The basis of the salaries of clerks is $1,200 per annum for the first 10,000 of population, and $80 per annum for each additional 1,000 of population, and the other officers are graded up or down from this basis.

Under this bill the salaries of Marion county officers would be: Clerk, $18,000; auditor, $16,000; treasury, $11,000; sheriff, $14,000. The officers would pay their own deputies.

In Allen county the salaries would be: Clerk, $6,200; auditor, $6,865; recorder, $4,400; treasurer, $5,455, sheriff $6,200.

The lowest amount allowed to any county is in Ohio and Stark counties, where each officer receives the sum of $1,200. The bill, if it becomes a law, will not apply to the present officers. The bill also sets forth the fees which these officers shall charge for services to the public, which shall be turned into the general fund in the treasury.

The newspapers have made a mix of things in attempting to give the cause of the discharge of Train Dispatcher Scott, of the Chicago and Erie road. Some call it a "lop order," others a "tap order." The correct term is "lap order," which means an order to move two trains in opposite directions on the same track without naming a point at which one shall stop to let the other pass.

An unknown man was struck by a freight train on the Fort Wayne road three miles east of Wooster, O., yesterday afternoon, and instantly killed. A card made out in the name of William Carl, from the molders' union of Richmond, Ind., was found in his coat. His right leg and arm were cut off.

Since January 1 there has been a decided falling off in the shipment of corn on some of the through lines. This decrease is attributed by the shippers to the increased freight rate which went into effect December 29. Some of the roads favor dropping the rates again to those prior to December 29. Others oppose it.

Commissions to ticket agents is a thing of the past. I have a cousin who is a printer, says ex-Mayor J. B. Loughran, of North Des Moines, Iowa. Some years ago he was employed in this city where they were printing circulars for Chamberlain. He had a deep seated cold and terrible cough, and while setting up copy he made up his mind to buy a bottle. It cured him and that was the first I ever knew of Chamberlain's Cough Remedy. I have been strongly in its favor ever since. My own experience and that of my family convinces me that this remedy is the best in the world. That may be strong language, but that is what I think. The French vineyards have been ravaged by the phylloxera again, but that will not interfere with the supply of wine for America. Unfortunately for American consumers of French wine makers are not dependent upon the grape.

Swan Gustafson, a laborer in the Illinois Central gravel pits at Cherokee, Ill., has received news that a relative has died in Pennsylvania, leaving an estate valued at $3,000,000, which is to be divided among six heirs, of whom Gustafson is one.

Stanley does not converse freely about his plans for the future, but people who know him say that he will never again indulge in any African adventure. It is over twenty-two years since he first went to Africa with the Abyssinian expedition, and twenty years since he left Zanzibar in search of Dr. Livingstone and his various expeditions since then have given him all the experience as a discoverer that he desires. He now seeks a life less harrassing, and would like to enjoy domesticity as a married man. If, however, a befitting post of duty as governor of some part of Eastern Africa were offered to him, he might not refuse the offer.

Attention, Attention!

The committee of the German Military Association at Fort Wayne hereby notify the public that in the middle of August next the great German-Bundes-Kriegerfest will be held in our city, and that an excellent program is intended for those days, to carry out which the G. M. A. will spare no expense, in order to make it an unparalleled success.

Besides the German Bundes-Vereine, all of the military regiments of Indiana will be invited to a competition drill and shooting match.

The program for the exercises will be published in a few days. One of its principal features will be a grand night manoeuvre, followed by a siege and capture of the city of Fort Wayne, illuminated by rockets and fire balls.

All comrades having been enlisted in the German army and honorably discharged from service, are cordially invited to join the German Military association of Fort Wayne, offering as it does, to its members, a sick benefit and funeral aid, with dues very moderate. To promote a genuine sociability among the members will ever be one of its foremost tendencies. 27-tf.

Philip Griffiths, of Easton, Pa., broke his leg a few days ago by suddenly turning in bed.

The annoyance of breaking lamp-chimneys need not be borne.

Get tough glass chimneys. Macbeth's "pearl top" and "pearl glass" are tough against heat; they do not break, except from accident.

They are also clear, transparent, not misty or milky; they fit and stand upright; shape and proportions are right to direct the draft upon the flame.

They cost a little more than rough and wrong chimneys of common glass that break continually.

COMMON COUNCIL.

The Protest of the Council Against the Passage of the Metropolitan Police Bill.

Resolved, That the fire commissioners be and they are hereby instructed to purchase a suitable lot in the 8th ward for engine house purpose. H. P. VORDERMARK.

Referred to committee consisting of Ely, Michael, W. D. Meyer, Smith and Scheid.

To the Senate and the House of Representatives, Indianapolis:

We, the mayor and common council of the city of Fort Wayne, Ind., in regular session assembled, understanding that a bill is now pending in one or both the houses, the purpose of which is to force upon our city, over and against the will of the citizens, the metropolitan police system. The right of local self-government is fundamental and it is only denied when machine politics demand it.

Our city in politics is democratic to the core. No just complaint is now made or ever has been made to the management of the police force of our city, and as to what exigency now demands that its government shall be transferred to a trio a hundred miles distant, we cannot understand or appreciate.

Your honorable house of representatives but lately passed a proper resolution withholding any appropriation for the world's fair pending the senate's action in relation to the Force bill because in the opinion of the house said bill is a revolutionary measure, attempted by the general government to interfere with matters wholly the concern of the states. We, too, view the pending Metropolitan Police Bill as an illegal and unwarrantable interference by the state government with matters wholly the concern of the municipal governments.

Because of the unfairness of the bill its danger is apparent, whatever political benefit the party in power may gain in Vigo county, will be more than counterbalanced by the loss it will sustain in Allen. Therefore, whatever your action may be as to other cities we humbly pray that our city government may proceed in its usual and ordinary manner to the contentment of its people and to the progress of its business interests without foreign intervention.

On motion of Councilman Boltz the above was concurred in and that a committee of three members of the council be appointed to go to Indianapolis and interview the representatives, which motion was carried. The mayor appointed Councilmen Boltz, Michael and Hilgeman as a committee.

On motion of Councilman Boltz the mayor and attorney were added to the committee. Carried.

An ordinance to provide for the issuing of street improvement bonds for the purpose of paying for the improvement of Wayne street, from the west line of Calhoun street to the east line of College street.

Read a first and second time and referred to the committee on finance and city attorney.

AN ORDINANCE

Granting right of way to the Fort Wayne District Telegraph company.

Be it ordained by the common council of the city of Fort Wayne, that the Fort Wayne District Telegraph company, of Fort Wayne, Indiana, is hereby authorized and granted the right to erect and maintain upon the public streets and alleys of the said city, such poles and wires, as may be necessary for the transaction of its business, with the right to connect wires with private property—provided the poles or wires shall not obstruct nor interfere with the free use of such streets and alleys—and when practicable such poles shall be placed upon the division lines, as between the different owners.

And as to the use of Calhoun, Columbia, Main, Wayne, Berry, Court and Harrison streets, the common council reserved the right to determine, by resolution, as to whether or not said streets or any of them, may be so used, or any part of them and if so, what part of them, and if used, in what manner such use may be made and such use may be changed as the common council may, from time to time, by resolution, order.

Sec. 2. Said poles to be not less than twenty-five (25) feet high, above the surface of the ground, to be neatly trimmed and to be painted at such times and in such manner as the common council may from time to time, by resolution, direct. Said poles to be so maintained as at no time so be or become a menace or interference to the public health, welfare and convenience, and as to such menace or interference, the common council shall be the judge. Poles of a less heighth may be erected at such points as may be necessary, upon the consent of the common council, by resolution being first obtained therefore.

Sec. 3. Said company shall not exact more than the following prices:

For "one call boxes" a rental of 50 cents per month.

For "four call boxes" a rental of 75 cents per month.

For "ten call boxes" a rental of $1 per month, and for such further charges for special services as may be agreed upon between the parties. All charges for messenger service shall be uniform.

Sec. 4. Said company, in consideration of the franchise above granted, agrees to construct and put in operation not less than five (5) miles of wire upon the public streets and alleys of the said city, as aforesaid, within one year from the date of the passage of this ordinance, and to furnish service to all persons upon the line, demanding the same as above provided. Said company is, without cost, to furnish the latest improved "call boxes" that may be used by the said company for the police stations, fire stations, water works office and city hall of the said city.

Sec. 5. Said company shall, within ten (10) days after the passage of this ordinance, as a guarantee of its good faith for the completion of this line, as provided in section 4 of this ordinance, pay into the city treasury the sum of one hundred dollars ($100), which, in case of failure upon the part of said company to comply with said section 4, shall accrue and belong to said city as liquidated damages for the failure of said company to comply with the stipulations aforesaid; and upon the faithful performance of said stipulations as ordained, the city treasurer, upon the order of the common council, shall repay the said sum to the said company.

Sec. 6. Said company shall accept the terms of this ordinance to make the same effective, in writing, within fifteen days after its passage and with said acceptance, shall file a good and sufficient bond in the sum of ten thousand dollars, ($10,000) conditioned that it will save harmless from any and all dangers that may accrue to said city, or any person, by reason of anything arising from or growing out of this ordinance, or the provisions thereof, or on account of the acts of said company, or any of its agents, servants or employes.

Sec. 7. And in case the common council on account of public welfare or necessity, shall require the burying, boxing or other or different modes of conducting such line, said company agrees to comply with any order of the common council, made in relation thereto, provided said order is general and other electric companies are required to comply therewith.

Sec. 8. And said company shall comply with all ordinances and resolutions of said city, which are now in force or which may hereafter be adopted, relating to the police regulation and welfare of said city.

Sec. 9. And it is hereby understood and agreed that upon any poles erected by said company, the city of Fort Wayne shall be permitted without consideration or cost, so long as said company shall chose to use said poles, to carry upon the top line of said poles fire or police lines for the city's service.

Sec. 10. Upon all improved streets the said poles shall be erected within the curb line and upon such streets as may be hereafter improved, any poles in gutters or outside of curb shall be placed inside of curb line.

Sec. 11. All ordinances granting franchises to any District Messenger Co., and particularly the ordinance granting a franchise to the Fort Wayne District Telegraph Co., passed on the 11th day of July, 1883, and recorded on page 546, book 2, of the ordinances of the city of Fort Wayne, are hereby repealed.
